

INSTITUTE OF DEVELOPMENTAL AND REGENERATIVE MEDICINE INAUGURAL SYMPOSIUM

Friday 4th November 8:30am—5:45pm

Richard Doll Building, Old Road Campus, Oxford

Followed by a wine reception at the IMS-Tetsuya Nakamura Building (IDRM)

EXTERNAL SPEAKERS

Dr Thomas Boehm

The Max Plank Institute of Immunology & Genetics,
Munich

Professor Giovanna Mallucci

Cambridge University, Department of Clinical
Neuroscience, Cambridge

Professor Wolfram Zimmermann

University of Gottingen, Department of
Pharmacology & Toxicology, Gottingen

Dr Robin Buckle

Medical Research Council, London

Professor Bertie Gottgens

Cambridge Stem Cell Institute, Cambridge

Anne Le Good

Developmental Cell Journal, London

Christine Weber

Cell Stem Cell Journal, London

Professor Molly Stevens

Imperial College London, Institute of
Biomedical Engineering, London

INTERNAL SPEAKERS

Professor Cecilia Lindgren

Big Data Institute

Professor Marco Fritzsche

Kennedy Institute of Rheumatology

Assoc. Professor Fadi Issa

Transplantation Research Immunology Group

Professor Angela Russell

Department of Chemistry

INSTITUTE OF DEVELOPMENTAL AND REGENERATIVE MEDICINE

INAUGURAL SYMPOSIUM

Friday 4th November 8:30am–5:45pm

Richard Doll Building, Old Road Campus, Oxford

Followed by a wine reception at the IMS-Tetsuya Nakamura Building (IDRM)

PROGRAMME

0845

Registration Open

Teas & Coffees will be available

0915

Welcome & Opening Remarks from Professor Paul Riley, Institute Director

0930

Professor Wolfram Zimmermann

University of Gottingen, Department of Pharmacology & Toxicology, Gottingen

"From EHT to EHM for Tissue Engineered Heart Repair in Patients with Advanced Heart Failure"

1000

Professor Cecilia Lindgren

Big Data Institute, Oxford

"BDI: The Next Chapter"

1030

Dr Robin Buckle

Medical Research Council, London

TBC

1100

Refreshments

1130

Dr Thomas Boehm

The Max Plank Institute of Immunology & Genetics, Munich

"Evolutionary Novelties in Vertebrate Immune Systems"

1200

Professor Marco Fritzsche

Kennedy Institute of Rheumatology, Oxford

"The Oxford-ZEISS Centre of Excellence in Biomedical Imaging: future-proof biomaging and beyond"

1230

Speed Dating Session

Participants TBC

1310

Sandwich Lunch

1415

Professor Bertie Gottgens

Cambridge Stem Cell Institute, Cambridge

"Rabbit Development as a Model for Single Cell Comparative Genomics"

1445

Assoc. Professor Fadi Issa & talk from Nanostring

Transplantation Research Immunology Group, Oxford

"Development and Assessment of Regulatory T Cell Therapies for Transplantation"

1515

Anne Le Good

Developmental Cell Journal, London

Christine Weber

Cell Stem Cell Journal, London

"How to publish in Cell Stem Cell"

1535

Refreshments

1610

Professor Angela Russell

Department of Chemistry, Oxford

"Discovery of Small Molecules to Manipulate Cell Fate In Vivo: towards new therapies for degenerative diseases"

1640

Professor Giovanna Mallucci

Cambridge University, Department of Clinical Neuroscience, Cambridge

"Mechanisms to Medicines in Neurodegeneration"

1710

Professor Molly Stevens

Imperial College London, Institute of Biomedical Engineering, London

"Bioengineering Strategies for Regenerative Medicine and Therapeutics"

1740

Finish

1750

Wine Reception at IDRM
