

UNIVERSITY OF
OXFORD

Developing skills in cardiovascular research: RESEARCH MANAGEMENT COURSE

Organised by the Oxford BHF- Centre of Research Excellence and
the RADOX-ITN consortium

Strategic advice on research grant applications, planning scientific studies, creating alliances with industry

Date: 6th MAY 2014

Venue: West Wing L6, John Radcliffe Hospital, Seminar Rooms A & B*

Programme

9:00-9:10 Introduction (*Prof Keith Channon*)

Raising funding for your research/career development

9:10-9:40 How to write a successful grant application
(*Prof Keith Channon*)

9:40-10:10 Tips and tricks for Marie Curie Fellowships applications
(*Dr Charis Antoniadou*)

10:10-10:30 *Coffee break*

Scientific management

10:30-11:00 Working with core facilities (*Dr Christine Blanchard*)

11:00-11:30 Scientific planning (*Prof David Greaves*)

11:30-12:00 Management and organization of projects in industry vs academia (*Dr Nick Alp*)

12:00-12:45 *Lunch break*

Working with industry

12:45-13:15 Organising and managing clinical trials: The industry's perspective (*Dr Cheerag Shirodaria*)

13:15-13:45 Building alliances with industry: The Oxford business model (*Dr Alex Prior*)

13:45-14:00 Closing remarks

The aim of the programme is to provide advice to DPhil students, research assistants, post-doctoral Fellows, and NHS trainees with an interest in research, on research management and scientific planning

The participants will have the opportunity to exchange ideas (tips and tricks), share concerns and learn new strategies to follow a successful career pathway in research.

* **Registration required:** Please contact Dr Charalambos Antoniadou for registration or further details- e-mail: antoniad@well.ox.uk, Tel:(01865)221870, Fax: (01865)740352
